

Aishwarya Pearala

3D Artist

437-677-2509 • Whitby • Ontario • L1R 0A8 • apearala@gmail.com

I'm a 3D Artist with five years of experience bringing ideas to life through modeling, sculpting, texturing, lighting, and rendering. Skilled in creating both realistic and stylized assets for AR/VR, I combine creativity with technical expertise to deliver polished and impactful work. Based in Whitby, Canada, I am a dedicated and self-driven professional who thrives in collaborative environments and is eager to contribute to innovative projects in 3D content creation.

PROFESSIONAL EXPERIENCE

Freelance 3D Artist – Canada & Remote

2022 - 2025

3D Artist

- Provided 3D art services for clients, specializing in modeling, sculpting, texturing, lighting, and rendering.
- Produced high-quality assets for characters, props, and environments in both realistic and stylized styles.
- Managed full workflows independently, from concept to final render, while meeting deadlines and client expectations.
- Worked with international clients remotely, ensuring clear communication and consistent delivery.

Additional Creative Projects

- *Twinkle* (Children's Book) – Wrote and illustrated a published storybook, combining storytelling and visual art.
- YouTube Channel – Created a read-along version of *Twinkle* for kids, featuring narrated pages and illustrations.

Elorce Industries - Hyderabad, India

November 2020 - April 2021

Senior 3D Artist

- Successfully led a team of four skilled artists and a programmer to deliver high-quality 3D models for AR and VR applications on a government project.
- Utilized creative expertise to produce visually stunning 3D models and managed key tasks such as modeling, UV unwrapping, texturing, lighting, and rendering.

- Implemented advanced techniques and industry best practices to enhance the realism and quality of 3D models, contributing to the project's overall success.
- Collaborated effectively with both artists and programmers to ensure projects were completed on time, within budget, and to client satisfaction, maintaining high technical quality standards throughout the production pipeline.

Technicolor Animation Production- *Bengaluru, India*

May 2020 - October 2020

3D Artist

- Created intricate 3D models of environment assets, foliage and props for "The Croods 2 movie," contributing to the film's immersive world-building. Applied advanced texturing techniques to develop lifelike surfaces and materials, enhancing the visual realism and appeal of key elements within the movie.
- Demonstrated versatility by adapting modeling and texturing styles to suit the diverse aesthetic requirements of different scenes and characters, showcasing adaptability and attention to detail. Implemented feedback from creative leads and directors to refine and iterate on 3D assets.
- Employed industry-best practices and workflows to optimize efficiency and productivity in 3D modeling and texturing tasks, contributing to the successful completion of the project within tight deadlines.
- Contributed to team brainstorming sessions and problem-solving initiatives, offering creative solutions and technical expertise to overcome challenges and achieve project milestones.
- Showcased an unwavering commitment to ongoing learning and skill enhancement by keeping updated on the latest trends and advancements in 3D modeling and texturing technologies, nurturing professional advancement and fostering innovation.

Amazon - *Hyderabad, India*

July 2018 - April 2020

Junior 3D Artist

- Developed hard surface 3D assets and texture materials for AR/VR real-time applications and photorealistic rendering.
- Created detailed 3D models using Maya, sculpted with Z-Brush, and textured with Substance Painter and Photoshop for various projects.
- Maintained high standards of accuracy, aesthetics, and productivity in all projects, specializing in the creation of realistic 3D models. Oversaw the entire workflow, including 3D modeling, UV unwrapping, sculpting, texturing, lighting, and rendering.
- Thrived in a dynamic work environment with strict deadlines, demonstrating focus and efficiency in delivering high-quality work.

Cyient Ltd - Hyderabad, India

June 2016 - June 2018

Junior Graphic Technician

- Developed and delivered 3D landmarks for the TOM-TOM navigation system project, including buildings, stadiums, and points of interest based on client requirements for AR and VR applications.
- Collaborated with clients to define, scope, and manage projects from inception to completion, ensuring timely delivery and client satisfaction.
- Managed the entire design process from concept to completion, incorporating customer feedback to ensure successful project outcomes.
- Consistently recognized as employee of the month for exceeding 100% client satisfaction.

EDUCATION

Indira Gandhi National Open University, IGNOU - *Hyderabad, India*

B.A in 3D Animation

PROFESSIONAL SKILLS

- 3D Visualization
- 3D Modeling
- UV Unwrapping and Layout
- 3D Sculpting
- Texturing
- Lighting
- Rendering
- 2D Traditional Sketching and Digital Art

SOFTWARE

- Photoshop
- Procreate
- Maya
- Blender
- Z-Brush
- Nomad Sculpt
- Substance Painter
- Unreal Engine
